

SANGEET PROJECTION MAPPING

Transform Dance Performances Into A Spectacular Visual Experience.

Custom 3D Visuals | Performance Mapping | Couple Story Visuals | Grand Stage Transformation.

Presented By: **EVENTS MAPPING 7X**

WHAT IS SANGEET PROJECTION MAPPING?

A next-generation wedding entertainment technology that transforms the entire stage into a dynamic visual canvas.

Using high-brightness projectors and synchronized animations, every dance performance becomes a cinematic experience — far beyond static LED backgrounds.
